A "Not-For-Profit" Tax-Exempt Oceans service Organization

If you dream it, you can achieve it
Today funds are needed to encourage more young people to pursue marine career opportunities.
Help us help them!

Since its beginning in 1976, Beneath The Sea has been committed to educating young people about our oceans. As Beneath the Sea developed, we focused that commitment to education sharper first with our Ocean Pals program, later with our Marine Careers and Sea of Tomorrow Society scholarship program. Our diverse scholarships are offered to young people 13 to 30 years of age, and are designed to provide financial assistance and encouragement to those interested in learning about and pursuing a marine-career path. Today we ask you to look into your heart and be generous to help those who hold the future of our oceans in their hands. Become a part of our ***Sea of Tomorrow Society*** scholarship effort; join us in turning all those dreams into realities.

On behalf of the young people whom your gift will help ... ***Thank you.***
